

Scott Gordon is the Associate Director of the Office of Environmental Accountability for the U.S. Environmental Protection Agency's southeast regional office in Atlanta. He is responsible for the coordination of administrative and civil compliance activities across the region. Gordon was born and raised in Kentucky and earned a Bachelor of Science in Chemical Engineering from the University of Louisville. He has been with EPA for 30 years and has worked in compliance and enforcement areas such as the Resource Conservation and Recovery Act (RCRA) program and Comprehensive Environmental Response, Compensation and Liability Act (CERCLA - Superfund) program, the Underground Storage Tank Program, the Clean Water Act (Sections 402, 404 and 503) and the Safe Drinking Water Act (Drinking Water and Underground Injection Control).

Additionally, Gordon has served as the Enforcement Coordinator for Region 4 and as the Deputy Division Director of the Water Management Division, and is responsible for Clean Water Act, Safe Drinking Water Act and Underground Storage Tank enforcement activities; NPDES permitting; Wetlands regulatory functions as well as acting Chief of Staff for the acting Regional Administrator.

Gordon has received numerous awards for enforcement work including national commendations for work on the City of Atlanta sewer problems, Jacksonville Showcase Community efforts and regulatory approaches to Combined Animal Feeding Operations. He also received EPA's 1999 Best Practices Award for outstanding innovations in enforcement and compliance assurance for Publically Owned Treatment Works Management Operation and Maintenance Self-Audit Initiative.
